Hi Kelly,
Looping in Harry and Randy who know of the sampling work with Navajo Nation on river water quality.

Also, Secody and myself will be traveling to Farmington tomorrow to assist with outreach activities- I believe those are the EPA employees the reporter was mentioning.

Hi Lisa - Sorry to bother again but I had a couple of follow up questions to comments Jared Blumenfeld stated about the Navajo Nation during the press call. Mr. Blumenfeld mentioned sampling has been done on the San Juan River prior to the spill. How often were the samples collected and from what located along the river on the Navajo Nation? Were the samples collected by US EPA personnel or Navajo Nation EPA? He also mentioned that two EPA personnel are working with the tribe, who are the personnel and from what office?

Thank you again!

Subject: 3 p.m. EPA Media call

Hi Lisa - I participated in today's 3 p.m. media call. Is there a way to get the spelling of names and titles of the officials involved with today's conference call? I'm working on deadline.

Thank you!
